

A Magical Location

Our beautiful remote home is located in a tranquil environment, immersed in nature, surrounded by grasslands, with Kent's famous nature reserve next door, providing the ideal conditions for you to connect to nature and feel expansive and open.

Weather permitting, relax in one of our hammocks, seasonally placed in our garden, for you to sway amongst the landscape in peace and reflect on the experiences of the ceremonies. Equally if you are feeling like moving around there are some beautifully created walkways in our wildflower meadow for you to explore in summer. Discover peace around our garden, while you contemplate the lessons of the ceremonies and how you will integrate them into your daily life.

Our unpolluted night sky offers infinite depth to a spectacular star scene, accompanied with shooting stars and a glimpse of the milky way, offering a delightful gift to the end of any evening ceremony.

Cultivating a homely environment, we want you to feel as relaxed and cared for as possible. A soothing atmosphere is cultivated with soft, warm lighting, exclusive artwork, quilts, and blankets to keep you warm, and pleasant aromas to make you feel completely at ease.

During the winter months, ceremonies are held indoors, and in our tent outdoors during the summer months.
