

## A Magical Opportunity

Ayahuasca ceremonies with SunGate help people realize the power to make profound changes in their lives and achieve health and happiness. The rainforest plants are ancient and wise, beyond human comprehension, and a ceremony often creates the opportunity to find answers to questions that we sometimes struggle to ascertain by ourselves.

We look to provide a space for self-reflection, healing, and spiritual growth. SunGate combines ancient wisdom and shamanic teachings from around the world to provide the most effective and culturally accessible Mystical experiences, using natural entheogenic (plant) medicine to those seeking to discover more about their true selves in the safest most comfortable way possible.

With our ever-expanding team of assistants and healers, trained at SunGate, it is our aim to aid as many people as possible in their process of transformation, towards self-actualisation, empowerment, and enter a world of infinite possibilities. We look forward to you joining us for a truly unique experience as we walk this path together, liberated.

With responsible use of these plant medicines, we honour the wisdom and power of master plants, such as Ayahuasca, Tobacco and Cacao. Blending ancient indigenous knowledge with a modern, Western approach, Red and Skie are experienced facilitators and have held space for thousands of participants from all over the world. As a result, they have cultivated a diverse and global community of individuals offering personal growth, emotional breakthroughs, and spiritual development. Extending from his network is a grounded, conscious aware, strong community of seekers and practitioners, all within the psychedelic and shamanic programme of well-being and liberation.
